

YMCA Reopening Update

June 25, 2020

Dear Members and Program Participants,

We want to assure you that we take the health and well-being of our community, members, and program participants very seriously. Like you, we're closely monitoring the effects of the Coronavirus (COVID-19) pandemic.

New information has been released by our state and regional officials that will NOT permit gyms and fitness centers to reopen at the start of phase 4. Due to this change, our tentative date has been postponed. We will continue to monitor the COVID-19 situation and will follow guidance from public health officials and government agencies so we can continue to support our members and community as needed. We are all in this together!

We have been working hard during this time planning the safe reopening of your Y. We will continue to serve the community through our mission focused work and stay hopeful for more information on reopening in the coming days. We cannot thank you enough for your patience. Please note that everything we are doing today, it is to ensure we are ready to serve you when we reopen our doors. We will continue to hold outdoor classes and Y summer camp as previously planned.

We still do not have a lot of answers, but we promise to share *any* information with you as soon as we have it. For more information about COVID-19 and what you can do to keep healthy and safe, visit the Centers for Disease Control at [cdc.gov](https://www.cdc.gov) or our Oswego County health department website <https://health.oswegocounty.com/>

Sincerely,

Kerrie Ann Webb
Executive Director
